EXPERIENCE

Product Owner & Scrum Master

Scania CV AB (Sep 2019 - May 2022)

-Product Owner

Acted as product owner in one of Scania's R&D teams contributing to the development of autonomous vehicles. The role included being responsible for the team backlog, priorities and deliveries.

- Scrum Master

As a scrum master I was responsible for maintaining and developing the agile way of working and internal processes, as well as leading team building activities.

Quality & Management Consultant

Knightec AB (Feb 2018 - Sep 2019)

- Design engineer and sub-project manager at PROSE

Worked with the design, planning and coordination of paint and marking of railway interior and exterior. The role entailed sub-project management and included material and time planning, quality management and collaboration with customers and sub-suppliers.

-Demo & Pilot Coordination, R&D at SCANIA CV AB

Worked in a small team with the planning of material and logistics for demos of Scania's autonomous vehicles.

Product Development Consultant

AFRY (Jan 2017 - Jan 2018)

-Material and logistics coordinator R&D at Scania CV AB.

Worked with the planning and coordination of prototype material to test vehicles. The role included collaboration with purchaser, designers, production, layout and project managers.
